SIDE STORY 1

Hi everyone. I'm Kouchi Yukari! If you have time, please do read my works!

♥ ♥ ♥ ♥

In the second book, I introduce two new characters Asuka and Tsubasa. Their different characters are as compatible as fire and water. But they look just like twins... I was thinking about it as I drew them.

Isn't it strange? About twins some really unexplainable things seem to happen to them.

When I was in school, mangaka friend had a twin sibling, and it was hard to tell them apart. Born on the same day, a twin is just like a double of yourself, and I think that's cool!

I really envy them!

YOU'RE TOO MUCH, MOM!

WHY DIDN'T YOU TELL ME EARLIER ON?

I'M GOING TO BE YOUR FAMILY SENSEI FROM TODAY ONWARDS

DOHANE TSUBASA

SORRY FOR SCARING YOU JUST NOW!

LET'S HAVE A PROPER INTRODUC-TION!

BE-CAUSE

I WAS AFRAID THAT YOU'D BE REALLY ANGRY WHEN YOU HEARD THAT I GOT PRIVATE TEACHERS FOR YOU!

SIDE STORY 2

When I got to finishing this page, I had this strange compulsion to go buy a kimono, and I did so without hesitation. It's a pale blue colour with flowery patterns (they appear to be floating on the surface of the kimono). Then I bought a red waistband to go along with the outfit, and went to the fireworks show in it! But honestly, I didn't get to do it at all. How sad! I really want to go out in this outfit this year.

AH!

NO WONDER YOU COULDN'T SAY ANYTHING

Fu Fu

OH! NO WONDER YOU WANTED TO GO OFF WITH AOYAMA

DON

I KNOW A WAY TO FIND...

YOUR OTHER HALF...

IS THERE... REALLY A WAY TO FIND HIM?

BUT WHY WOULD SHE TELL ME...

WHAT DOES THIS MEAN?

Side story 3

It's a blazing hot summer right now. I love and hate summer at the same time. Every summer I fall ill. It makes me feel terrible and drains me of strength. I don't even want to do anything. My body doesn't quite feel like my own, and my consciousness drifts...

(Dangerous, isn't it?)

To me, summer is the unluckiest season. Do you guys believe in luck and fortune? I definitely do. I firmly believe in things like fortune-telling or astrology. I know I shouldn't trust those fortune-tellers, but I just can't help it. I even incorporated it into my manga. (Like the Heartbeating Predic-tion) ↖

(know about that?)

I think I probably believe in this stuff because I have such a weak personality...

Are any of you like me?)

COULD SHE BE...?

A few pages before was the scene where Arisu and Aoyama were eating Fried Octopus together Actually, when I drew this scene (My sister helped me draw the Fried Octopus part) I suddenly had a craving for Fried Octopus, so me and my sister left at midnight or so in front of the station to get some. Our old house in Kobe is somewhere around here, too. The Fried Octopus there is SUPER delicious! They have really large chunks of octopus. It's heaven.. Whenever I go visit our old house, I make sure to go there. Eating around, that place still has the best Fried Octopus. If any of you have a chance to come to Kobe, make sure to go there!

Side Story 6

I've also become obsessed with bubble baths. I love it! No matter how close the deadline is, I just have to soak in the bathtub for a while... Every time I use different types of bubble bath, so the color of the water is different too. Recently hot springs have begun using bubble baths as well. Lying in it relaxes the whole body, providing me with utter bliss. Whenever I have time, I invite my friends to the hot springs. Especially in winter, when we can ski before soaking ourselves. Real hot springs are special! Every time I go on such a vacation, I bring back some souvenirs. It's so wonderful!

Side Story 7

Recently I've gotten a cockatoo (?). It has become our house's new pet. As soon as I stepped into the pet store, a clear "***He...llo***" rang in my ears.

IT'S SO CUTE!

I wanted to have one before, and it's cute voice and noisy personality... I took it to the counter without a second thought. It used to be called "Kimoni", But now I name it "Cutie" It looks a lot like a crow, but there is a ring of ye. ow feathers around its neck and a ovely orange beak. It makes us laugh a lot more when we work. The still dead workroom has now morphed into a livey place. Noisy animals are so cute!

I'm obsessed with neat-ness! Can't tell just by looking, huh?

Even I feel a bit abnormal.

During workdays, any extra time is devoted to a "clean-out" It's not like a year end clean-out. I just want to change the surroundings a bit Visiting friends are constantly surprised.

I'M WEIRD, HUH?

Even though it's a big clean-out, for me it relieves stress. It's the same at my old house I just have to make the bathroom, the sink, the kitchen all nice and shiny Before I can stop it Greatly improves my mood. So... I really can't stop, even if I want to!

OPEN HOUSE OF MY WORKROOM

Sorry everyone, it's not drawn too well. However, if people can roughly understand it I'll be happy. I used to like a plain, clean house, but now I have a lot more black furniture. What I really want right now is white rooms + white furniture. White can calm nerves.

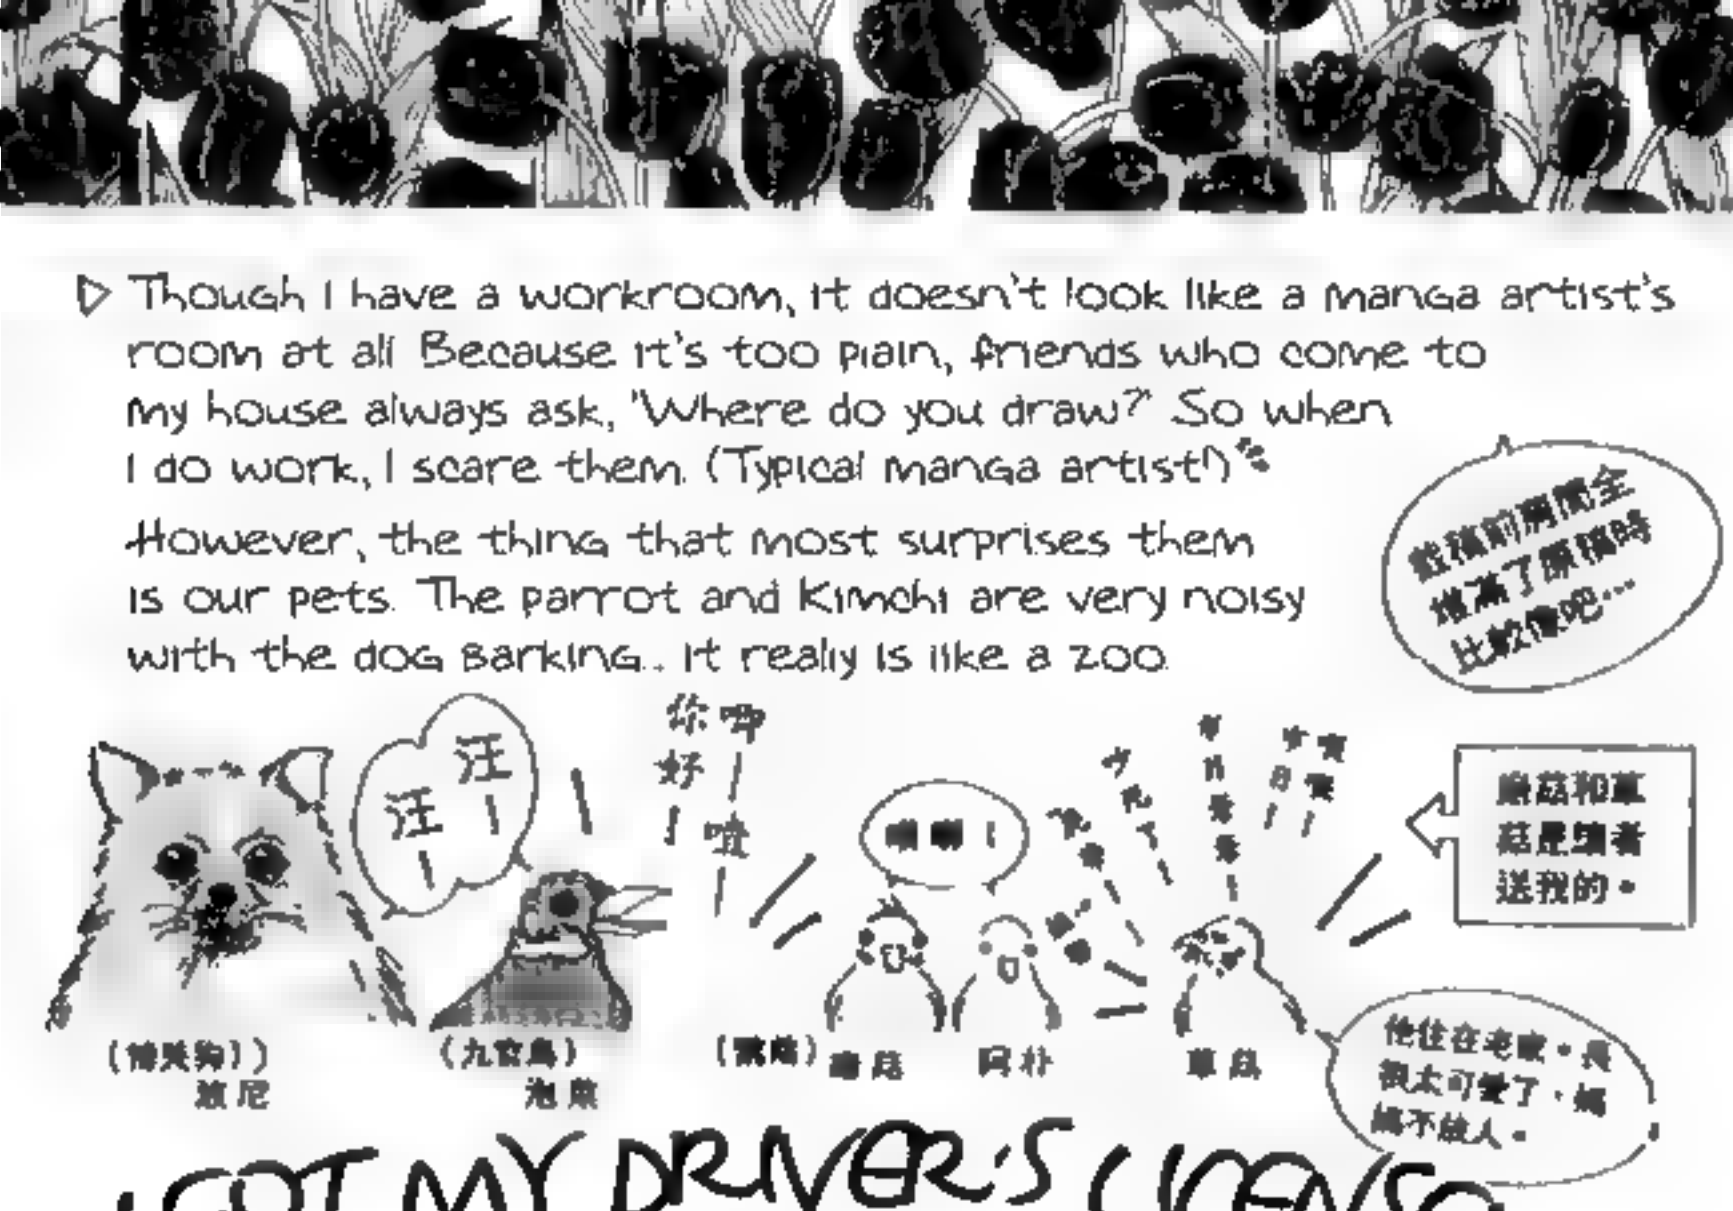
▷ Though I have a workroom, it doesn't look like a manga artist's room at all. Because it's too plain, friends who come to my house always ask, 'Where do you draw?' So when I do work, I scare them. (Typical manga artist!)

However, the thing that most surprises them is our pets. The parrot and Kimchi are very noisy with the dog barking.. It really is like a zoo.



I GOT MY DRIVER'S LICENSE!

I don't know why I went and joined the driver's ed. class. But I'm really happy because I got the license in 19 days!

I was surprised myself! I had already impatiently bought a car, even before taking the test. Now I drive every day just for fun. I'm a new driver, but I have a sports car.
